

Call For Papers

Global Information Infrastructure and Networking Symposium

GIIS'19

December 18-20, 2019 – Paris / France

<https://giis-2019.dnac.org>

The Global Information Infrastructure and Networking Symposium (GIIS) consists of an interrelated set of technical, policy, and social issues implicit in the development of national and international (global) information infrastructures and networks. GIIS aims at identifying and promoting the exchange of knowledge on these interrelated issues and provides liaison to bodies in the global society, technical fora and international standards. GIIS 2019 follows the success of the precedent editions and intends to promote interdisciplinary conference sessions to discuss, build and further the use of national and international information infrastructures and networks. The conference also aims at providing a forum for the participants to broaden professional contacts and for technical discussions and interactions on specific information infrastructure and networking topics. Information Infrastructure and Networking (IIN) brings together information processing applications, communications networks and services, physical and software elements in networks, and end systems. The program of GIIS 2019 will include invited talks and keynotes, paper presentations, tutorials, panel, and discussion sessions. The main topics of interest include, but are not limited to:

- **Next Generation Networking and Communications**
- **Internet of Things**
- **Emerging Topics in Communications and Networking**
- **Services, Standardization and Telecom Policies**

Instructions for submission

The authors are invited to submit high-quality original technical papers for presentation at the conference and publication in the GIIS'19 Proceedings, which will be published in IEEE Xplore database (**request in progress**). All final submissions should be written in English with a maximum paper length of 6 printed pages (10-point font) including figures without incurring additional page charges (maximum 2 additional pages with over length page charge for an additional fee, if accepted). Papers exceeding 8 pages will not be accepted at EDAS.. Standard IEEE conference templates for LaTeX formats are found at here: http://www.ieee.org/conferences_events/conferences/publishing/templates.html

At least one author of each accepted presentation must register to the conference and present the paper. All papers must be submitted in electronic form through the EDAS web site by the deadline at: <https://edas.info/N26521>

Technically co-sponsored by IEEE and IEEE Communications Society

All accepted and presented papers will be published in IEEE Xplore

General Chairs

Selma Boumerdassi (CNAM – France)
Rami Langar (UPEM - France)
Guy Pujolle (Sorbonne University, France)

TPC Co-Chairs

Nadjib Aitsaadi (LIGM Lab - France)
Marc-Oliver Pahl (TUM, Germany)

Publication Chair

Nazih Salhab (UPEM - France)

Steering committee

Sidi-Mohammed Senouci (Univ. of Burgundy, France)
Yacine Ghamri-Doudane (La Rochelle University, France)
Raouf Boutaba (University of Waterloo, Canada)
Mehmet Ulema, Manhattan College (USA)
Doug Zuckerman (Telcordia Technologies, Italy)
Roberto Sarraco, (EIT Digital Italy, Italy)

Important Dates

Submission: **November 1, 2019 (Firm deadline)**

Acceptance Notification: **November 22, 2019**

Camera Ready: **November 30, 2019**
